

I Ran for Joann

5k Run & 2 Mile Walk

IN HONOR OF JOANN WALDO

What is Amyloidosis?

Amyloidosis is a rare disease which involves an abnormal build up of proteins in the organs, tissues, and nerves. This build up affects the bodies normal functions and can lead to organ damage or failure.

This event is hosted by the **Amyloidosis Foundation**

All proceeds will go to the foundation to help them raise awareness, educate medical professionals, advance research initiatives, and empower patients.
